

## Beach Day

We were surprised with a flight to Spain and a day trip to the beach. Our classroom transformed into a plane, we received our boarding passes and found our seats. We then watched our safety briefing and took off! We enjoyed some inflight snacks before landing in Spain! After that we went for a fun filled day at the beach. We got to sunbathe, make sandcastles, buy ice cream and put on shows with the Entertainment team. We all had a brilliant time and had lots of wonderful things to write about on our postcards in our English lessons.
