Key takeaways

1. Our locality is the area around our home or school. There is no set distance.
2. A building or place can be **preserved** for many different reasons.
3. It could be special because of its **architecture**.
4. It may have played an important role in the history and **heritage** of our local area.
5. It could be special because it's very old or rare.
6. To help to protect them, people **campaign** to get buildings **listed**.
7. We can find out about our local buildings by visiting them.
8. We can also read about them, look at photographs and talk to people.
9. We can find out about the people that lived in a building by looking at the census.
10. Over time, buildings can sometimes be used for different purposes.
